

CLI Stakeholder Meeting:

CLI Stakeholder Meeting & Open House
Thursday, May 25, 4pm-7pm
16 West Main Street, Norwalk, Ohio

The Ohio Department of Developmental Disabilities (DODD) has awarded CLI a Transformation Grant. The purpose of this grant is to build a path to change from a facility-based model where everything happens at one big workshop to a community-based model that helps people have more normal lives that are not segregated.

However, there are many barriers to making this work for individuals, families, and other providers. We need your help to discuss those barriers and CLI's ideas for balancing what the state-wide DD system wants with what real people in our area want. Please join us uptown on Thursday, 5/25, anytime between 4pm-7pm. For a preview of discussion points and a quick survey-- please visit www.christielane.com.

Hope to see you there. For more information, please contact me at john@christielane.com or 419-706-5137
